1	I would be myself. I don't want to be in anyone elses shoes. I love my life now. IT's not too boring but it isn't crazy and hectic. Unlike most people I don't want to be someone famous because they have everyone poking in their lives. I can make mistakes and not have to be watched by millions. I don't mind my life not being perfect, that okay with me. I like the fact that I'm carving my own future. Sure I won't end up a millionaire with thousands of adoring fans. That's just fine with me. I love, my life and the people in it.		"If you could be anyone who has ever lived, who would you be? Write some sentences to explain why you chose this person. Use details and check your work."
2	I want to be I teacher because I like the lilte kist. And techer is coul like the kist want to play you play we oloban. And wen is a problem you can help in the problem.

Because the would miss you but I wish I could be him for some reason. Because he is cool.		
6	I would like to be Rosa Parks because although she was not rich and glamorous she was an outstanding figure. Rosa Parks was an African-American woman who refused to move for the white people on the bus. She had to have had plenty of courage knowing that once apprehended she could go to jail or even be killed. But she did not let any of the threats get to her because she knew that what she was doing was right. From her actions, other African-Americans arose from the darkness and finally decided to do something about it. Martin Luther King Jr. did something by standing out and protesting against all the segregation and for that he was assassinated by someone who did not agree with his thoughts. So, he was "punished" for doing what he thought was right which was not good at all. Rosa Parks and Martin Luther King Jr. were only two people who might have started a revolution and taken a step towards the advancement of man-kind. There were

others who helped the cause as well and if they didn't thing might have never changed

1	My the music because is beatubul and not ever y one the people the like. My like the pop, rock and romantic. Listen music every the day. Listen, cd o my estation.		<p>“Think about the music you listen to and the music older people like. In some ways it is similar, and in some ways it is different. Write some sentences explaining how the music you listen to is similar to and different from the music older people like. Use details and check your work.”</p>
2	The music from old people is boring they don't talk about girls they talk about boring stuff		
3	I have defnepes Perients, and I have Mexicans Americans and that es I lub comieous food. Like me I like country Music And May mom she loved Rock and Rooll. May Perients hous living en Mexico that Like Mexican Music. Boot and Christian Music May mom She have different stillo and that es different End Me I have. New estilo. I like New Country. I see Much Peoples hauos has diferents estilos the Music I duno more.		
4	The music that I listen to is different from the music older people listen to because it has a faster beat. I think that older people listen to music that is smoother in rythem. In ways our music is fairly the same because younger people sample music from older singers. The only difference is that we change some of the wording and the tempo.		
5	because the music I like is new and the old people like the old music like my dad and my mom they don't like the music I hear cause they said its not like they want they like the old songs an I like the reggeaton, romantic and Country some of this are old just romantics and country the reggeaton is new.		
6	I think there is a big difference between that music. Before the songs had more messages and now they say bad words and other things. The old music was popular, country or rock and now the same, well the rock is more ugly now. One similarity that both have is that most of the songs are of love, and most of the people get in love between the songs. I think the music is going to be always the base of the life.
